

ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 19 August 1960

STAT 1. [] JGO) In response to a query to the Comptroller by Sam Crosby, House Appropriations Committee staff member, concerning Section 107 of H. R. 11666, requested [] to advise Mr. Crosby that we have studied the provision carefully and do not believe it will affect our activities adversely. In any event, we do not take a position on the proposal either for or against it. This section, which is referred to as the Dodd Amendment, sets forth the sense of the Senate that the Secretary of State take such action as he deems necessary to prevent importation, for resale, of foreign military small arms.

STAT 2. [] JGO) Transmitted to Mr. William McManus, staff member of the Senate Internal Security Subcommittee, a blind memorandum entitled "Broadening the United States Jurisdiction Under the Espionage Laws."
